

# Interested in Being in a Research Study?

Participate in the management of your disease while contributing to knowledge about it.

Enrolling in a clinical research study has benefits for you:

- Get regular and careful medical attention from a physician-led research team
- Gain access to promising new approaches
- Have a positive effect on your health
- Receive cutting-edge advances in disease treatment

Current research studies underway in Neurology, Cardiology, Immunology, Gynecology, Orthopedics and Oncology.
